

**DR. LIVIANA PROLA**

**Department:** Animal Production, Epidemiology and Ecology – Faculty of Veterinary Medicine of Torino (Italy)

**Position:** Research scientist

**Titles:** Doctor in Veterinary Medicine (DVM); PhD in Animal Production, Diplomate at the European College of Veterinary and Comparative Nutrition (ECVCN)

**Teaching activities:**

1<sup>st</sup> LEVEL EDUCATION: course in "Animal Production, Game management and wildlife conservation" – University of Torino, Italy

- Livestock production techniques

2<sup>nd</sup> LEVEL EDUCATION degree course in "Veterinary Medicine" – University of Torino, Italy

- Animal handling
- Breeding and nutrition of new pets (ferret, rodents, reptiles, pet birds)
- Clinical dietetics of dog and cat

Invited speaker at SCIVAC (Italian Cultural Society for Veterinarian of pet animals), SIANA (Italian Society of Animal Nutrition) and AIVPA (Association of Veterinarian for small animal) meetings.

**Curriculum vitae**

- **2001** University of Torino (Italy): degree in Veterinary Medicine
- **September 2001-December 2001:** Pet nutrition and behaviour expert for the company PMR srl (Milano, Italy)
- **November 2001-may 2003:** collaboration with several professional as Pets clinical nutrition consultant
- **2001-2004** Faculty of Veterinary Medicine of Torino: PhD in Animal Production
- **2002-2004** Research assistant at the project: "Factors affecting survival success in free-living brown hare" funded by the Italian Ministry of agricultural policies and forestry
- **may 2003-november 2003** visiting researcher at the Institute of Physiology, Biochemistry and Animal Nutrition of the Ludwig-Maximilians-University of Munich (Germany) – tutor: Prof. Dr. E. Kienzle
- **2004-2005:** research assistant at the project: "Improving welfare of working dogs through nutritional means" funded by Piemonte Region.
- **July 2006 – October 2006:** visiting Researcher at the Linus Pauling Institute (Nutrition sector) of the Oregon State University (USA) with the project "New methods to evaluate oxidative stress *in vivo*" – tutor: Prof. M. Traber
- **since 2005 till today:** Faculty of Veterinary Medicine of Torino: Researcher scientist at the Dipartimento di Produzioni Animali, Epidemiologia ed Ecologia

## **Continuing education and Membership**

ESVCN (European Society of Veterinary and Comparative Nutrition) member  
President of the Italian Society of Animal Nutrition (SIANA)
