On the basis of the epidemiological situation both at national and local level and of the didactic scenarios proposed by UniTo, the didactic activities for AA 2021/22 will be carried out mainly in presence in compliance the biosecurity measures listed in Rectoral Decree n 3812/2021 by 16/09/2021. More in detail, at least for the winter semester, the main requirements to access university facilities will be:

- to hold the COVID-19 green certification to show in case of checks
- to wear a surgical mask (or a mask with a higher level of protection);

Students will book their attendance to lessons through Student Booking. Updated information are available at:

Theoretical lessons will be ensured in remote mode (livestreaming) through the Webex platform. Learning resources will be uploaded in Moodle. Practicals will be organized in groups depending on the capacity of labs and/or spaces.
